Warehouse Supervisor moving into Logistics Coordination

Eleven years on the warehouse floor, the last four supervising a 30-person shift. Moving into logistics coordination, with route and inventory planning already a daily part of the job.

EXPERIENCIA

Warehouse Supervisor

Grupo Logístico Ebro · Jun 2021 – Present

- Supervise a 30-person shift across inbound and outbound docks.
- Rebuilt the pick-path layout after mapping where pickers actually walked.
- Run the weekly cycle-count programme and reconcile discrepancies.
- Trained the team through the migration to a new warehouse management system.

Warehouse Operative

Grupo Logístico Ebro · Mar 2015 – May 2021

- Picked, packed and loaded outbound orders on a rotating shift.
- Became the shift's reference point for the labelling exceptions nobody else wanted.

Warehouse Operative

Transportes Aragón · Jan 2014 – Feb 2015

- Loaded and unloaded regional distribution routes.

PROYECTOS

Pick-path redesign

Remapped the picking route of the regional distribution centre after tracking actual walking patterns over three weeks.

WMS migration support

Prepared and trained a 30-person shift through a warehouse management system change.
